

May 26, 2010

Dear Parent/Guardian,

Unbelievably, the school year is slowly coming to an end. As I am preparing for the next school year, there is information I'd like to share in regards to what is needed for the fall.

Attached are forms that need to be completed and returned to me *before* August 13. If there has been any change in your child's immunization status, please submit an updated vaccination record. The Nevada State Board of Health has mandated that all incoming 7th graders need to have the Tdap vaccine *prior* to starting the school year. If your child has not yet received this vaccine, please follow up with your health care provider.

For student athletes in the middle and upper school, a current sports physical will be required *prior* to the start date of practice. An on-campus *free* sports physical event will take place on Thursday, August 12, from 5pm-7pm. Please contact me if you are interested in scheduling your child for a sports physical exam. If you are unable to attend the sports physical event, please submit the completed health form from your child's health care provider *prior* to the start of practice. ***If no medical clearance for the athlete is on file, the student will not be able to participate in sports practice until a completed medical clearance form is turned in.***

If you have any questions, please feel free to contact me.

Thank you so much and have a wonderful summer.
